Dear Paul

Further to the recent installation at the school I am writing to acknowledge the tremendous efforts of both Ken and Rob in assisting during the installation week. As you know we had to rearrange things due to our OFSTED inspection which did result in some re-scheduling. Both Ken and Rob were only too happy to oblige and provided full support for the catering staff during the first day of operation. Please pass on my thanks to both of them.

We are very excited about the potential of the system and this is already receiving very good usage. We will no doubt be talking further about further applications at both Ashton on Mersey and Broadoak School in the near future.

Yours sincerely,

N. DAVID
